## Parking Instructions for the Arizona State Capitol, Executive Towers:

While there are multiple parking lots in the Arizona Capitol Complex, workshop participants are prohibited from using many of them since they are reserved for other groups. Participants are also discouraged from using metered street parking as the meters in the area have two-hour time limits.

Parking areas designated for visitors to the Capitol are indicated on the map below: one is on the southeast corner of Adams and 17th Ave. and the other is on the northeast corner of Jefferson and 19th Ave. Participants may enter the lot at Adams and 17th from W. Adams St. only; note that Adams is one way going west. Participants may enter the lot at Jefferson and 19th from either Jefferson on the south side, or W. Washington St. on the north side; note that Jefferson is one way going east. Note also that S. 18th Ave. is frequently closed to drivers between Adams and Jefferson.

Enter the building through the doors on the west side or through the rotunda on the east side, past the rose garden between the House and Senate buildings.

Please allow ample time for parking and locating the workshop space. The second floor conference room is located behind the bank of elevators on the south side of the building. Room B56 is located in the basement. There is also a full service cafeteria located in the basement of this building.
